

CAMBORNE SCIENCE &  
INTERNATIONAL ACADEMY

# INTERNATIONAL PROGRAMME

*Where will it  
take you?*

I would like to make you aware that we will be running the following International Programme for 2019 to 2020. CSIA has strongly established exchange partnerships and regular competitive participation with a number of specialist Science Schools across the globe. Our International Programme is in its 14th year going from strength to strength and proving to be increasingly successful year upon year. We have a combination of exchanges, collaborations and competitions that are attended by students and staff from CSIA.

The International Programme consists of two important elements; students visiting our partner schools (outgoing trips) and students/families acting as hosts when our partner schools visit CSIA (incoming trips).

## The International Programme for the Year 2019/20 (Outgoing)

September 2019	NJC Collaboration Project - Singapore
October 2019	Canada Science Fair – Canada
November 2019	Exchange, Mahidol Wittayanusorn School – Thailand
November 2019	VI Form Exchange – China
November 2019	Exchange visit – South Korea
November 2019	Exchange & Super Science Fair – Kyoto, Japan
November 2019	Humanities Conference - Kyoto Japan
January 2020	HWA Chong Science Fair - Singapore
January 2020	Japan Super Global Forum – Kyoto, Japan
January 2020	ISSF Exchange, Kamnoetvidya Science Academy, Thailand
March 2020	Exchange Visit - St Odolptus - Holland
May 2020	International Maths Challenge – Singapore

\*Please note that all events listed here are tried and tested, however we have a decade of such experience and are constantly invited to more events than we can facilitate. Therefore, from time to time new and exciting possibilities present themselves which inevitably are not listed here at present.

## Hosting and Exchange Possibilities (Incoming)

---

September 2019	Chinese students visiting from the Experimental School of Beihang University, Beijing
October 2019	Dutch students visiting from St Odulphus
November 2019	Singapore Collaborative Project students from National Junior College
April/May 2020	Japanese students visiting from Ritsumeikan High School Thai students visiting from Mahidol Wittayanusorn School
June/July 2020	Thai students visiting from Kaminoetvidya Science Academy South Korean students visiting from KSA Australian students visiting from ASMS, Adelaide Canadian students visiting from FRC, Winnipeg

\*Approximately repeated for the following academic year.

## Incoming Trips

---

In agreeing to participate in an outgoing trip there is an understanding that you will act as host on the return trip.

In some cases it is possible to host before travelling, which enables your child to be more confident about departing to a foreign country without you.

In some cases, hosting the same nationality student as your child's trip is not possible due to a clash of dates with something you already have planned. If this is the case, please indicate which hosting dates are suitable.

All students participating in an international trip do so on the understanding that they will be asked to contribute to some or all of the research, presentation, public speaking and cultural performance elements of the trip.

The duration of each outgoing trip is approximately ten days, plus travelling time either side of this. Holland is available for Year 9. The rest are open to Year 10 plus.

The dates of the trips are provisional until tickets are booked. There are many factors that affect the dates of these trips.

The cost for each trip is a minimum of £800. The cost of each trip would ideally be payable by the departure time of the visit, or within the academic year that the outgoing trip takes place. Provision is in place for payments to be made by instalments.

Prior to CSIA booking any airfares we need a copy of your child's passport. The passport needs to be valid for six months beyond the end of the return flight to the UK. It is the responsibility of parents/carers to consult your child's doctor for medical advice.

## Expectations

Exchange students are ambassadors for our school and will be invited to take part in the Programme with the recommendation of their teachers, Pastoral Support Workers and Key Stage Directors. Participation will involve the students working together as part of a team, possibly researching and completing a presentation along with a cultural performance, dependent on the type of event. Students who would like to participate in an International opportunity should have an interest in Science and a desire to establish global connections for the future. Your child should be confident speaking publicly and be ready to experience and embrace all aspects of foreign culture. In the event of a trip being oversubscribed, we will conduct interviews to determine places.

If you would like to register your child for any of these possibilities, please return the reply slip below.

I look forward to hearing from you.

Yours faithfully

Paula Tippet

# International Programme 2019/20

## Expression of Interest Form – Please return to Miss Tippet

Student Name

Form

I would like my son or daughter to register their interest in the following trips:

Date	Trip	Rank in order of choice
September 2019	NJC Collaboration Project - Singapore	
October 2019	Canada Science Fair – Canada	
November 2019	Exchange, Mahidol Wittayanusorn School – Thailand	
November 2019	VI Form Exchange – China	
November 2019	Exchange visit – South Korea	
November 2019	Exchange & Super Science Fair – Kyoto, Japan	
November 2019	Humanities Conference - Kyoto Japan	
January 2020	HWA Chong Science Fair - Singapore	
January 2020	Japan Super Global Forum – Kyoto, Japan	
January 2020	ISSF Exchange, Kamnoetvidya Science Academy, Thailand	
March 2020	Exchange Visit - St Odolptus - Holland	
May 2020	International Maths Challenge – Singapore	

☐ We could potentially host a foreign student.

☐ I understand that the minimum potential cost of any trip is £800, and that this would ideally be payable before departure.

☐ I understand that my son or daughter will be asked to contribute to some, or all, of the research, presentation and cultural performances that may be involved.

☐ I confirm that my son or daughter already holds a passport, which is valid beyond the end of the International trips 2019/20.

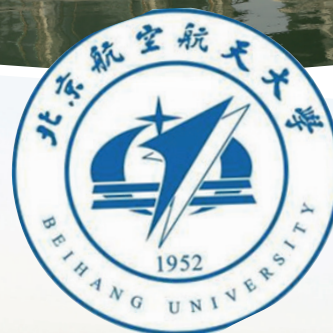

Signed

Date

\*Please provide us with a parental email address that we can send updates/regular correspondence regarding the trip to.
