Statement of Intent

We are committed to providing a caring, friendly and safe environment for all of our students so they can learn in a relaxed and secure atmosphere. Bullying of any kind is unacceptable at our school. If bullying does occur, all students should be able to tell and know that incidents will be dealt with promptly and effectively. We are a *TELLING* school. This means that *anyone* who knows that bullying is happening is expected to tell the staff.

Camborne Science & International Academy:

- is determined to be a safe, friendly and caring place
- does not tolerate bullying by anyone within the school community
- will help anyone who is bullied to end the bullying
- will help anyone who bullies someone else to change that behaviour
- will help all its students to become resilient, confident, tolerant and understanding
- will inform all students on how to become an 'Upstander' to bullying.

Camborne Science and International Academy is committed to promoting a safe and caring environment where all can enjoy and achieve free from intimidation and where bullying will not be accepted. Our Anti-Bullying Ambassadors were involved in the writing of this policy.

What Is Bullying?

Bullying is the repetitive, intentional hurting of one person or group by another person or group, where the relationship involves an imbalance of power. It can happen face to face or online.

The Diana Anti-Bullying Awards definition is 'Bullying behaviour is repeated negative behaviour that is intended to make others feel upset, uncomfortable or unsafe'

According to the definition given by the *Anti Bullying Alliance (ABA)* and *The Diana Award (DA)* bullying can be:

- Physical – pushing, poking, kicking, hitting, biting, pinching etc.
- Verbal - name calling, sarcasm, spreading rumours, threats, teasing, belittling.
- Emotional – isolating others, tormenting, hiding books, threatening gestures, ridicule, humiliation, intimidating, excluding, manipulation and coercion.
- Sexual – unwanted physical contact, inappropriate touching, abusive comments, homophobic abuse, exposure to inappropriate films etc.
- Online /cyber – posting on social media, sharing photos, sending nasty text messages, social exclusion
- Indirect - Can include the exploitation or exclusion of individuals.

Why is it Important to Respond to Bullying?

Bullying hurts. No one deserves to be a victim of bullying. Everybody has the right to be treated with respect, which is a CSIA Character Value. Students who are bullying need to learn different ways of behaving.

We have a responsibility to respond promptly and effectively to issues of bullying.

We will always refer to the definition of bullying provided by the ABA and DA in responding to a reported incident and will take this into account in our response to parents and carers. We will always take into account the actions/motives of all involved in the bullying incident, including the alleged victim, to establish the full facts and to respond in resolving the bullying incident.

Parents are requested to report the bullying incident to the Year team at the earliest opportunity, to remain calm and to reassure their child that the matter will be addressed. Thus, enabling the school to follow up the concern to ascertain all facts in relation to the incident. This will involve talking to all parties concerned. At no time, should students or parents seek to resolve matters by 'taking the law into their own hands'. The Year Team will record the incident to ensure that the matter is then consistently followed up.

Objectives of this Policy

- All trustees, teaching and non-teaching staff, students and parents and carers should have an understanding of what bullying is
- All trustees and teaching and non-teaching staff should know what the school policy is on bullying, and follow it when bullying is reported
- All students and parents should know what the school policy is on bullying and what they should do if bullying arises
- As a school we take bullying seriously. Students and parents should be assured that they will be supported when bullying is reported
- Bullying will not be tolerated
- All students and parents should know how and who to report bullying to (Please refer to the Anti-Bullying links on the website)

Signs and Symptoms

A student may indicate by signs or behaviour that they are being bullied. Adults should be aware of these possible signs and that they should investigate if a child:
