21 September 2020

Dear Parents and Carers

I write to inform you that today, we have received confirmation that a student in Year 8 has tested positive for Covid-19. In response to this information, and in accordance with government guidelines, all students in the Year 8 bubble are to remain home until Tuesday 29 September 2020, returning to school on Wednesday 30 September 2020. Advice from the Local Authority Public Health team and the DfE confirms that household members do not need to self-isolate unless they are displaying symptoms.

All students in other year groups or at the Nexus campus should continue to attend school as normal.

For Year 8 students, remote learning will resume from Wednesday 23 September via the Google Classroom. If your child is struggling to access the Google Classroom platform please email year8enquiries@cambornescience.co.uk

There is a need for all Year 8 students to self-isolate at home and parents are to ensure that their child is supervised for the duration of the school day. Please ensure that your Year 8 child is not in the vicinity of the school site before, after school or at the informal times of the school day.

Your support at this time is needed and greatly appreciated.

Yours sincerely

Ian Kenworthy
Principal
