

LEARNING TO BE EXTRAORDINARY

Part of the CSIA Trust, Company No. 7551989

30 October 2023

Dear Parents/Carers

Notification of Proposed Academy Transfer Engagement Event

As you will be aware from our previous communications the Trustees of CSIA are seeking for Camborne Science and International Academy to join the Athena Learning Trust. As part of the process of joining Athena and, in line with DfE guidance, we are also making an opportunity for parents to learn more about Athena and what it means to be part of their trust.

We anticipate more parents might wish to hear about the new Trust than we can accommodate, in order that as many parents as possible can hear about the change, we will be holding a parental engagement evening online on 7 November 2023 at 6pm-7pm. The link to the meeting is below.

During the meeting we will be inviting Athena to share more about their Trust and we will also explain how the process of transfer occurs and what this means for parents and young people.

In order to help us prepare for the meeting and answer your questions we would like to invite you to submit any questions ahead of the meeting to 2023consultation@cambornescience.co.uk. There will also be a Q and A function available during the parents meeting. We will respond to all questions after the event if we are unable to get through them all at the meeting and if necessary we will hold additional meetings for parents this term. We will keep a written record of the event and will publish it on the school website alongside the answers to common questions.

I trust the content of this letter is self-explanatory and that you will be able to join us for the information event.

The joining link for the meeting is below:
