Dear Parents and Carers

Re: Student Information Sharing

As a school we hold so much information and data on your child and you never get to see most of it.

We would like to know if there is any additional information you would like to know about your son/daughter and their progress through school. This will help us to modify and improve the information we send home to you.

There is a questionnaire for you to complete to express your views on what data you would like – <https://forms.gle/VGzaXvCfvAwj3Fwx6>

Once the results of the questionnaire have been analysed we will contact you with the results and details of what information we will share with you going forwards.

If you would like any further information or have any further questions please do not hesitate to contact me in school.

Yours sincerely

Emma Haase

Vice Principal
